# Welcome

to Edition no. 68, 1998/9

Many clients ask why we do not produce our booklet more than once a year. In this latest edition alone, we have amended over 60,000 prices. Those not amended, have also been thoroughly re-checked for accuracy by our team of experts. This involves several months of intensive study of the World Wide Stamp Market in which we deal. Currently we handle 200 countries! Therefore, we feel that our prices truly reflect the reality of today's market.

## EXTRA PUBLICATIONS TO OUR SUBSCRIBERS

In the past year, you may well have received from us, two extremely interesting special publications which are unique to our subscribers. The Autumn edition giving you the benefit of even extra discounts, and a Winter Special, giving you a taste of just some of the special purchases that we have made in the course of the year. We would like to thank the many 100's of clients who took advantage of these offers, and should you not be a subscriber, we urge you to do so straight away to make sure that you receive all our future publications.

## NEW FEATURES OF THIS BOOKLET

Queen Victoria stamps which may be perfins, or have a heavy postmark/pulled perfs/missing corner/creased etc make ideal 'space-fillers' and we can now offer these in made up lots (each lot is different stamps).

# • SEA HORSES – KGV •

Many collectors are confused by the different printings of the KGV Sea Horses and over the years we have been asked many times to explain how to recognise them. Accordingly, we have produced a truly clear and simple guide to these stamps.

1913 Waterlow. Frame 22mm high.

1915 De la Rue 22 mm high, poorer quality wartime printing, image less defined than Waterlow, colour shows on reverse, yellow gum.

1918 Bradbury 23mm high. Dot in margin on majority.

1934 Re-engraved, criss cross pattern behind head, in place of just horizontal lines.

## OCCUPATION OVERPRINTS

Although they look perfectly genuine, they are in fact, superb reproductions! As with the originals, they have been overprinted by hand on genuine GVI stamps, and the quality is so good that we have had them stamped 'FACSIMILE' on the reverse. *(This has been done to ensure that they cannot be sold as originals)*

It is estimated that as few as 5 original sets are known to exist, and every collector of Channel Island stamps would wish to enhance their collection with this series. **NOW YOU CAN!**

The complete collection of 13v is now available exclusively through ourselves at the bargain price of **ONLY 74.50**

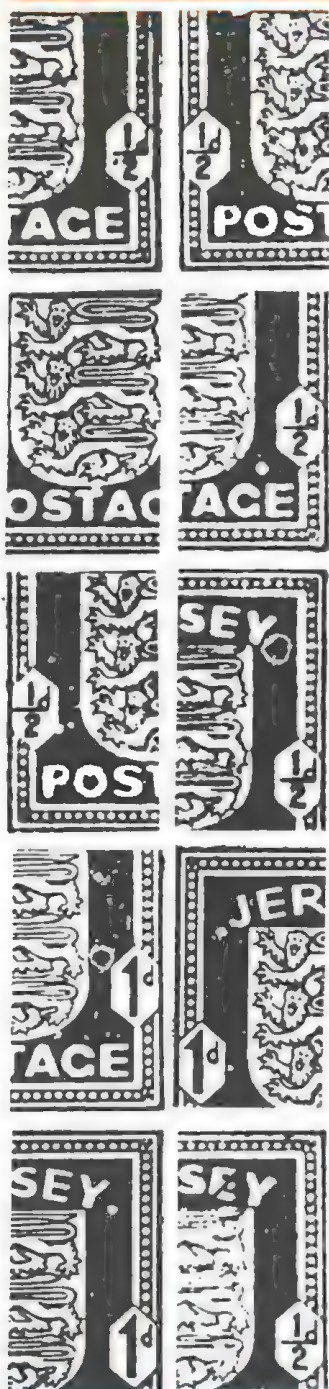

Our Price  
**£45.50**

From the same source that our travelling buyer obtained a small quantity of the definitive forgeries we are pleased to offer a limited stock of the centenary overprints. (Once again we have had the reverse stamped 'facsimile' to ensure that they cannot be passed off as originals!)

# THE FIRST OFFICIAL MANX POSTAL SERVICE!

## THE MANX POST COLLECTION

Post Manninagh (= Manx Post) was the first Isle of Man postal service and the only such service to operate before the establishment of the Isle of Man Post Office in 1973. The Post Manninagh stamp issues were the first postage stamps to be authorised and produced on the Isle of Man for use on and from the island. This was the only authorised postal service on the island during the postal strike from Jan 20th to March 8th, 1971. The Post Manninagh airmail courier service linked the island to Britain and other countries, Courier were flown to the Continent and to America with commercial mail for worldwide destinations. Close to twenty thousand items of mail were handled by Post Manninagh during this short period.

Apart from first and last day covers produced and carried at the request of local collectors, all mail was 'non-philatelic', OHMS official mail was carried for Isle of Man Government departments. (no other strike mail service in the British Isles carried official mail). Official mail was first carried free of charge, but later a special reduced rate stamp was issued for such mail.
